

# ARM<sup>®</sup>University

## Worldwide Education Program

As part of its global sponsorship of the Freescale CUP contest, the ARM University Program is pleased to provide a licence for the full KEIL MDK-ARM Professional microcontroller development kit to each participating team.

KEIL MDK-ARM is a complete software development environment for ARM<sup>®</sup>-based microcontrollers. The tool is specifically designed for ARM<sup>®</sup>-based microcontroller application development, capable of the most demanding embedded applications.

For more information about KEIL MDK-ARM and to download the software please follow this link: <http://www.keil.com/arm/>

To request a license for the full KEIL MDK-ARM Professional microcontroller development kit, the Academic in charge of each competing team should submit a donation request by following this link:

<http://www.arm.com/support/university/educators/embedded/embedded-systemsmcus-software-tools-for-educators.php>

and clicking on the “Request Donation” button. In the “purpose of donation” field of the email, please mention “Freescale CUP” and your team name. The license type is “Node locked”.

Note that KEIL MDK-ARM is supported in Windows OS only.

For any further question, please contact the ARM University Program at:
