

**Offer of Complimentary Software License(s)**

Hello Freescale Cup Teams,

MathWorks is pleased to sponsor the 2014 Freescale Cup.

MathWorks will provide software, training, and access to MathWorks engineering mentors and technical support to teams who have completed the Student Competition Software Request Form below.

Here are the products we will be providing that you may have access to:

Complimentary Software:

MATLAB	SimElectronics
Simulink	SimMechanics
Control System Toolbox	SimPowerSystems
DSP System Toolbox	Simscape
Embedded Coder	Simulink Coder
Filter Design HDL Coder	Simulink Control Design
Fixed-Point Designer	Simulink Design Optimization
Global Optimization Toolbox	Simulink Design Verifier
MATLAB Coder	HDL Coder
Neural Network Toolbox	Simulink PLC Coder
Optimization Toolbox	Simulink Verification and Validation
Signal Processing Toolbox	Stateflow
SimDriveline	

Activation Type: Designated Computer

License option: Individual

Platform: All

Your team leader should review and complete the Student Competition Software Request Form:

<https://www.mathworks.com/academia/student-competitions/software-request-registration-freescale.html> to take advantage of our software offer.

Best of luck in your preparation!

Regards,

Lauren Tabolinsky
